

Kids Camp Program

"Thank you so much for inviting our daughter to camp. She had an absolute ball and is so excited about going again next year! Weeks later, she's still telling us of all the wonderfully fun things she did"

"Our kids had a wonderful time on camp. They can't stop talking about it, and their Mum and I had a much needed break. We feel refreshed and we are so pleased the kids had a great time."

"He had an awesome time; he was just talking and talking and laughing about the whole weekend. It was great to see that!"

"I knew that my child was in very good hands. When I picked him up on Sunday it was such a beautiful experience watching the kids playing on the field, the volunteers were hanging out, it was so relaxed. What a fantastic bunch of people."

Camp Quality believes in building resilience in the lives of every child living with cancer and their family in Australia. We create an optimistic community for our families through fun therapy and education.
