MOTO CYC
2017 Illawarra
September 16 - 17

CYCLerpedia

The A-Z of
Camp Quality Moto Cyc Illawarra

CYCLerpedia

Camp Quality Moto Cyc has been formed in response to some of our wonderful supporters who enjoy taking their motor bikes on long rides, and for others who would rather ride a motor bike than pedal a road bike!

The purpose of the ride

United as one team, together we will raise awareness and funds for children, and their families, living with cancer through Camp Quality Illawarra.

Our goals and objectives

- Achieve individual fundraising targets, raising money for Camp Quality
- Encourage and develop an environment of respect, teamwork and cooperation
- Raise community awareness of Camp Quality and their essential services
- Build friendships and networks
- Abide by and apply all safety rules and guidelines for the duration of the challenge

Accommodation

Accommodation will be paid out of the funds raised by the rider and pillion. All efforts will be made to make the accommodation package affordable and comfortable.

Ambulance cover

Please be aware that Camp Quality holds NO ambulance coverage for you in relation to this event. A trip in an ambulance can be very costly. Please note it is the individual's responsibility to have ambulance cover. If you don't already have this, it is extremely cheap to obtain. Please ensure that you have ambulance cover OR are aware that you will need to cover the cost of any ambulance.

Bike requirements

All vehicles joining the ride must be able to safely maintain highway speeds, and be registered and insured. We ask that smaller machines stay at the rear of the group at all times for the safety of all road users.

Breakdowns

We will have a trailer at the rear of the group that can carry motorbikes. We recommend that you have your own roadside assist insurance, such as NRMA, in case of emergency mechanical assistance.

Breath testing

We want everyone to have fun on the ride and at night, however we ask that alcohol be limited to ensure safe riding. Breath tests will be completed by every participant prior to each day's ride. Anyone over the limit will be asked to leave the ride - this is to protect all involved.

Communication

We will do our very best to communicate with you as often as we can through our emails and phone calls. That doesn't mean you can't call or email us. If you have any questions, big or small, don't hesitate to contact us:

Event Manager

Joanne Meredith: 02 4256 0127 or joanne.meredith@campquality.org.au

Code of conduct

Camp Quality's culture is about having and promoting fun. There is also a high expectation placed on behavior standards while you are representing the organisation, both with the public and with fellow participants. You are required as part of your registration to sign the Camp Quality Code of Conduct. Inappropriate behavior contrary to the Code of Conduct may see an individual asked to leave the ride.

Corner Man system

The Corner Man system is used during the Ride. The lead rider is in charge of the ride and determines the direction and stopping points along the route. The lead rider will be wearing a reflective vest. This means all riders are required to stay behind the lead rider. There will also be a Corner Man who must stay at a designated position until the sweep arrives and waves them on. All riders approaching the Corner Man will see the direction of the bike and go that way. If someone misses a corner, the Corner Man will inform the next rider or the sweep (whichever arrives first), and that rider or sweep will chase down the missing rider and return to the waiting Corner Man.

Flexibility

At any time, prior to or during the event, some aspects may have to change due to various circumstances. It is expected that all participants remain flexible and adapt to changes for the betterment of the event.

Fundraising

Each individual rider must raise a minimum of \$2,000.00 to take part in the Ride. Each pillion passenger must raise a minimum of \$500.00 to take part in the Ride. Support Crew members must raise \$500.00 to take part in the Ride. Any shortfall from this amount will need to be paid personally by the participant prior to the Ride's commencement. Camp Quality is happy to help out with fundraising options. We do not want this to be a daunting prospect for participants - all you need to do is ask for help.

Inclusions

- Event Polo Shirt
- Event Cap

Fundraising page

Once you register, we have the ability for you to set up your own online Supporter's page. Here you can add a short personal story about yourself and explain why you are taking part in the Ride. You can post updates, images and videos of what you're doing, and share these with your friends on social media to help get the word out. Don't be afraid to put yourself out there and ask people to donate to your page. Your friends, family and wider networks will think what you are doing to raise money for kids growing up with cancer is great, so ask them to help you, and thank them when they do straight from your Supporter's page.

Laughter

Don't forget the reason you are involvedto make **LAUGHTER THE BEST MEDICINE** for lots of courageous kids.

License

A full motorcycle licence is required to join the ride - unfortunately L or P plate riders are not allowed.

Meals

Meals will be covered by Camp Quality. Where possible they will be provided by a service club such as Lions, Rotary, etc.

Mechanics

We will not have a mechanic travelling with us. However there are motorcycle dealerships in each of the main towns we visit if needed, and they are within trading hours.

Media

Don't you know who I am?

Our PR team will prepare media releases and media information which is then distributed to all media outlets on the event route. Reporters and journalists often ask to do a story on certain entrants (especially if there is someone from their area). Participants are free to approach their local media to promote the Ride, and we will be happy to help you out with some background information. Please contact **Joanne Meredith** (joanne.meredith@campquality.org.au) for a media kit.

Riding safety gear

All riders will be required to wear appropriate safety gear as per below:

- Approved helmet
- Leather motorcycle jacket
- Leather motorcycle pants or jeans (with kevlar preferred)
- Leather gloves
- Motorcycle boots

Safety

Our number one priority is safety. Speed limits must be adhered to in all instances. Concentration and vigilance on the road is paramount for individual and group safety.

Sanction

Once you have registered for the Ride, you will be issued with an official fundraising Sanction. This letter confirms you are raising funds on behalf of Camp Quality and authorises the activities or events that you are undertaking. Once processed, you're ready to start fundraising, which is fantastic!

Skill levels

Everyone has different skill levels when it comes to riding. Moto Cyc is a team event and is aimed at all individuals assisting each other to enjoy the Ride and cross the finish line together. Participants will be broken up into 5 groups with a team captain, and will leave at 10 minute intervals. The event is not a race and is all about safety, fun and supporting each other, while raising awareness and funds for the inspirational kids of Camp Quality who are growing up with cancer.

Social media

Use of social media must be within the Camp Quality Guidelines. Any inappropriate content or content that is detrimental to the reputation of the Ride or those involved is not permitted. The Committee and Camp Quality reserve the right to request removal of any content. Failure to comply will result in removal from the Ride.

Sponsorship

There is an opportunity for you to approach businesses to sponsor a spot on the polos that will be worn by each participant. Funds raised from sponsorships will go towards your fundraising tally. Please refer to Sponsorship Packages for full details.

Storage of motorcycles overnight

We will endeavour to find accommodation that allows for either storage in a shed or, at a minimum, bikes will be off the road. For example, if we are staying in a motel they may be in the motel carpark within the motel grounds.

Support crew

We have a wonderful Support Crew with us on the Ride, who are there to ensure everyone has a safe, organized and fun Ride. They will assist the Event Coordinators as required, drive the culture of the event and uphold and enforce the safety and values of Camp Quality.

Tax deductibility

Monies donated to Camp Quality by individuals are generally tax deductible, provided they qualify as a donation. That is, the donor can prove that they have received no value in return for the donation.

Values

A Camp Quality Motor Cyc participant requires the following event values:

- Teamwork and friendship. Be willing to get out of your comfort zone, helping others and working with the whole group
- Commitment
- Be willing to raise the required minimum sum of money
- Respect and adaptability. This is a big event - be willing to compromise and be flexible in the event operation
- Selflessness and understanding. Accept that you will be directed by appointed leaders within the team

Weather

In the case that conditions are deemed unsafe to complete the ride distances, routes may be changed at short notice. Assessment of conditions will be made each day and adjusted if necessary.

Who are the participants?

A participant in Moto Cyc is an amazing individual who wholeheartedly supports Camp Quality's mission to support children growing up with cancer, and their families. Moto Cyc is an exciting team challenge that visits interesting places and is designed with lots of fun in mind. It is the culmination of much fundraising completed with overwhelming dedication and commitment by everyone throughout the year!
